THE INTELLIGENCER

| The Falmouth High School Newspaper. |

What is a Writer?

The word artist, their words are the masterpieces draft after draft. And at any moment they may be struck with an idea---a Creator. Everyone is a writer. Are powerful---have been known to start wars and end them. Someone who knows that they are capable of doing

anything through writing. An engineer builds...creates products beneficial to the whole world. The reason people are inspired, the reason people dream. The ability to condense their mind into the written language. Makes sense of the event they are recalling whether it caters to the entire city of New York or their own personal sense of humor. Who documents life. Is bold. Always demonstrates their point. Grows...grasps other's attention...turns words into art. Strings words together by mind. Could be in the form of journalism, poetry...always striving for the best they could produce...always a little unsatisfied. Able to look at the world as they see it...a manipulator...a liar...is this True? Possesses an acute complexity, is thought provoking. No prerequisite to becoming a writer. An informer presenting to the public. Can describe so that even the most uninterested becomes absorbed. Even if only one person is moved by their writing their job is done. A human. A magician. A contortionist. Carries nothing into something. The fuel. Language is their belief, their religion.

SENIOR CLASS OFFICERS

DAVID MCTIERNAN

DOUG HAMILTON

CHRISTIE BARROWS

In looking back on the last four years of our lives, it is impossible to sum it all up, to draw some universal conclusion. Not only has each one of us had a completely unique experience that we will never forget, but we have all impacted each other's lives in countless ways. Whether building relationships at football games or in math class, at band practice or in detention, we have helped each other to learn, to live, and to love. Together, we have celebrated triumphs and overcome obstacles, and I feel honored to have been a part of such a dynamic, talented, diverse group of people. I hope that you are able to look back on the last four years feeling satisfied with the opportunities that you have had and the friendships you have made. I have learned that in life, it's not always what you do, it's how you do it. So whatever you do, give it your all and find ways to use your creativity, intelligence, and eagerness to achieve your ambitions. I wish each and every one of you the best of luck, success, and happiness.

The past four years have been magical thanks to the class of 2007. Since freshman year, our class has bonded through events like the pasta supper, the auction, the road races and car washes. All of the money we raised to serve our class and community disappeared to pay for our graduation and other events, but the memories and the friendships we gained over the past four years will always live strong. Thank you for electing me as Vice President. I hope that I was able to serve you to your fullest expectations. We had an extremely talented and intelligent class, and as a whole, the class inspired me to realize that we could accomplish any task as long as we worked together. I wish everyone the best of luck and hope you never forget the greatest class to ever walk the halls of Falmouth High School, the class of 2007.

I feel so privileged to be a member of the Class of 2007. We each have the potential to go out into the world and achieve anything. Throughout our four years in high school, we have grown so much as individuals, and have become so close together as a whole. Our teamwork makes us an infallible force that will never stop persevering. Each one of us now faces the opportunity to make an impact on our world. Ralph Waldo Emerson once said, "Do not follow where the path may lead. Go, instead, where there is no path and leave a trail." I know that we can each forge our own paths to success, and I wish everyone the best of luck in doing so. The past four years have been amazing, and I will hold the memories in my heart forever. We have proven that we are so special and so important in our own, unique ways. While we are all so different, when we come together as a unified group, we can accomplish the impossible. Thank you for making high school worthwhile, and good luck to everyone, may your futures be full of excitement and success.

~ Yearbook Dedication ~

Thank you, Mr. Cali, for your endless contributions to Falmouth High School in your thirty years of service.

Jeff Chandler

Jeff, always remember... "The water you touch in a river is the last of that which has passed, and the first of that which is coming. Thus it is with time present." (Leonardo da Vinci) and this from A.A. Milne, "Christopher Robin came down from the Forest to the Bridge, feeling all sunny and careless, and just as if twice nineteen didn't matter a bit, as it didn't on such a happy afternoon, and he thought that if he stood on the bottom rail of the bridge, and leant over, and watched the river slipping slowly away beneath him, then he would suddenly know everything that there was to be known."
 May you remember that which you have learned and may you come to know the wisdom of the rivers.
All our love, Mom, Dad and Jonathan

Jarrod Scott-Reynolds

Congratulations Jarrod!

I hope you never lose your sense of wonder! You get your fill to eat, but always keep that hunger. May you never take one single breath for granted. God forbid love ever leave you empty handed.

I hope you still feel small when you stand beside the ocean. Whenever one door closes I hope one more opens. Promise me that you'll give faith a fighting chance. And when you get the choice to sit it out or dance, I hope you dance... I hope you dance.

Luv, Mom

**"Where others walk, I like to fly.
I have no plan. I just am!"**

Some people merely exist, but not you Jarrod; you have never been ordinary!

You celebrate life; you always rise above it all!
You have amazed me in countless ways since the day you were born.

You can't help it, you have no intention of shining like the brightest star... you just do!!!

You will forever change the lives you touch!
